

# THANKS!

Dear Friends of MBB Kids,

We want to thank you very much for your recent gifts in support of our education and medical needs. When our parents left our former religion, they became very poor because they had to leave everything behind. And for most of us, even in our villages, there was no hope of getting an education. We are very grateful.

One of the most recent kids joining us is truly amazing! We'll call her MBB Kid F. She is an orphan, and for a girl in one of our traditional villages, that means a life of drudgery in every imaginable way. But her MBB aunty rescued her and brought her to live with us. Though she knew nothing of English or how to read and write, she has surpassed some of us in her school work—just since September! She is also learning to know and love the Messiah.

Please continue to pray for us and our parents. May the Lord bless you for your generous gifts and faithful prayers, and give you much joy in serving him.

In Christ's love,

MBB Kids
